READ WHAT

Ayer's Sarsaparilla

did for the Invalid Daughter of a Prominent Lowell Tradesman.

"My daughter had for a long time been troubled with violent headaches and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She took various remedies for her trouble, but received no benefit until she commenced using

Ayer's Sarsaparilla. After taking half a bottle, she began to feel better. By a continued use of this medicine, her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headaches disappeared, she slept better, and now says she feels like a new person." - F. P. COGGESWELL, 6 Lyon St., Lowell.

Correspondents of the BULLETIN should hand in their communications early in the day to insure publication. All display advertisements should be sent to the business office before noon of each day. Reading and "By Authority" notices may be sent in any time up to 2 p. m.

THE CHOLERA'S PROGRESS.

CHINESE AND JAPANESE ARE NO LONGER EXEMPT.

Japanese Physicians State There is no Doubt That the Epidemic is True Asiatic Cholera.

THE VERY LATEST.

3 p. m. - Sixty-five cases, 49 deaths, 3 discharged as cured and 13 remaining in the hospital is the latest report from the Board of Health up to 3 o'clock.

The old native who was taken from Lunailo Home was discharged from the cholera hospital at 1:15 p. m. as cured. Dr. Wood has been attending to him, in conjunction with Dr. Myers.

Koolau people have strictly quarantined against Honolulu. At 1:30 p. m. they were telephoning for disinfectants and a doctor, although no one was sick. President Smith detailed Dr. Howard to go there for twenty-four hours and pacify them, and incidentally superintend sanitary matters.

Ewa has notified Honolulu that a strict quarantine will be maintained against the latter place. No one is to be allowed to go in or out of the town and Board of Health permits will not be recognized either at Ewa or Koolau.

A sailing vessel with 150 barrels of lime is expected in a day or two. In the meantime no disinfectants of any kind should be wasted, as the supply on hand must be made to last until the Australia returns.

Preparations are being made to start a lime-kiln and commence the burning of lime.

The 6 o'clock report of the Board of Health this morning showed only 3 new cases of cholera and read as follows:

NUMBER OF CASES -

Cases reported to 3 P.M.
Sept. 8, 59
New cases to 6 A. M.,
Sept. 9, 3-62

REPORTED -
Soon after taken sick.....30
When dying.....17
After death.....15

LIVING -
Completely recovered. 2
In hospital 6 A. M.,.....12-14

NATIONALITY -
Hawaiian born,.....57
American.....3
Port Hawaiian.....1
Chinese.....1-62

Up to noon three more cases were reported, all from the same locality, one of the victims being a Japanese who died about an hour after reaching the hospital. This man was attended by Japanese physicians who pronounced it an undoubted case of Asiatic cholera. They could do nothing to save the patient.

Following is a list of cases reported since the last issue of the BULLETIN:

NEW CASES SINCE 2 P. M. SATURDAY.

Kanikau-resident of Palama, taken sick Friday night. Dying when reported at 1:10 p. m. Dead when physician arrived. Ate newly-dried fish Friday.

Becky Panee-resident of Punchbowl street, taken sick September 4th and reported at 3:15 p. m.

Una (w)-resident of Aala, taken sick September 3d. Dead when reported at 4 p. m.

C. L. Dodge-American, resident of Likelike street, taken sick in the morning, reported at 2:30 p. m. and died at 11:30 p. m.

Pahukoa-resident of Waipilopilopilo, Kapalama, taken sick 10 p.

m. and reported immediately. Died at noon.

Poopoe, resident of Waipilopilopilo, Kapalama, taken sick 10 p. m. September 7th, and reported at 8:30 a. m. September 8th.

John Paawa, resident of Waipilopilopilo, Kapalama, taken sick at 10 p. m. September 7th, and reported at 8:30 a. m. September 8th.

Kepano, boy, six months old, resident of Waipilopilopilo, Kapalama, son of Louisa Kapahi. Reported at 12 noon.

Babela, resident of Kalia, taken sick on the 7th and reported at 3:52 p. m. Dying when reported. Died at 5:30 p. m.

Kaneko, age 48, male, reported at 6:10 a. m., taken sick the night before. Nationality Japanese. Reported by Dr. Howard, and died at 10:15 this morning.

Mary Puahiwa, age 21, female, native Hawaiian, residing at Waipilopilopilo, early stage.

Keohaliku, age 18, female, native Hawaiian, residing at Waipilopilopilo, early stage.

These two cases are the twelfth and thirteenth from the same house.

DR. MONSARRAT'S CASE.

He is Not Suffering From Cholera, But Will Soon Be About.

Various rumors being in circulation about the condition of Dr. Monsarrat, a correct statement of his illness is herewith given. Since the outbreak of cholera, in addition to his work at the slaughter houses, Dr. Monsarrat has volunteered his services to the Board of Health. He was one of the first to do so, and up to the time of his sickness was one of the hardest workers in the cause of humanity. During the early part of the week he denied himself much necessary rest, having been on duty 36 hours at a stretch and taking only a cup of coffee and an occasional cracker instead of his regular meals.

At midnight on Wednesday he was taken down sick with dysentery, but Drs. Brodie and Murray succeeded in controlling it. On Friday morning the patient was in a very serious condition but he has since improved, so much that his recovery is only a matter of time. Dr. Monsarrat was simply run down from hard work, loss of food and sleep, and suffered accordingly. At no time has his complaint been diagnosed as cholera, and the report that it was probably came from the very free use of disinfectants about his residence by order of his physicians.

The Pumping Plant.

Minister King states that the Beretania street pumping plant is shut down temporarily in order to tighten up the new boilers, which is generally the case where new machinery is first used. In the meantime, the Waikiki pumps are going night and day and the city is being supplied with water from that source.

The only arrest today was that of a white man named Lyons for profanity.

Judge Perry is holding court this afternoon for the trial of civil cases.

Many of the inhabitants felt a reviving influence in the strong trade winds of yesterday evening.

The offices of the Judiciary Department and Chinese, Agricultural and Immigration bureaus were found closed at one o'clock by the reporter on his travels. The officials are nearly all out on sanitary inspection service.

DEATH OF C. L. DODGE.

The First White Victim of the Cholera Breathes His Last.

Chas. L. Dodge, manager of the Hawaiian Star, was the first white person in this city to succumb to the effects of the prevailing epidemic.

Mr. Dodge first complained of feeling unwell on Sunday September 1st, when he suffered from a violent attack of dysentery. He was treated by two physicians and was at his office as usual on the following day. He suffered relapses of the complaint through the week but was about the office as usual until 2 o'clock on Saturday afternoon when he told Mr. Towse that he thought he would have to give up. Mr. Towse immediately called his physicians, Drs. Day and Wood, and they at once decided that symptoms of cholera had intervened. He was at once taken to the cholera hospital and everything done for him that medical skill and attention could think of. He appeared to be doing nicely for some hours, and the doctors thought they would be able to pull him through, but about 7:30 p. m. he took a turn for the worse and at 11:30 expired. After eight o'clock Mr. Dodge sank into a semi-unconscious state, out of which he rallied a few minutes before his death sufficiently to direct that his effects be turned over to Judge Cooper and to state that his will would be found in the office safe. His end was painless.

The deceased was a member of the local typographical union, of which he had served until lately as president. He came here from San Diego with the newspaper plant purchased by Walter Giffard Smith, and for a time acted as foreman of the office. When the paper was leased to Mr. Towse and himself he took the management. He was energetic and capable in business and had many friends socially. He was a mason of high standing and a prominent member of the American League. He has been buried separately from other cholera victims and in time a suitable monument will mark his last resting place.

Deceased was born in Mendota, Illinois, and was 33 years of age. He leaves a mother and sister at San Diego.

Death of Thomas W. Everett.

Thomas W. Everett, one of the oldest foreign residents of these islands, died at his home at Waikapu, Maui, on Wednesday, the 4th inst. He was nearly 73 years of age and a native of Boston, Mass. Mr. Everett successively filled the office of deputy sheriff, sheriff and governor of Maui in a residence on that island of forty or fifty years. He was of a fine physical build and had a dignified presence that would attract attention to him in any crowd. Mr. Everett was a cousin of Professor Everett of Harvard University.

Disinfectine.

This is a new preparation put up and for sale only by the Hollister Drug Company. It is said to be the best thing of its kind for household disinfecting purposes.

A Novel Sign.

A Japanese on King street, near the Waikiki road, hangs out the following sign:

"Japanese Employment Office. Cook, gardner, woman & etc. Hirata."
